### PREFACE

This report is one in a series on Soviet Ground Force and logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1c (DIA). The photographic analysis for this particular report was performed by the NPIC Photographic Analysis Group.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training area or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

### SUMMARY

Gomel Army Barracks Novo-Belitsa is located 5.5 kilometers (km) southeast of Gomel (52-26N 030-59E (Figure 1). The installation is not rail served; but the Gomel-Dobrush line passes 1,400 feet to the south. Urban streets provide access to primary highways. Gomel Army Barracks (AL-2) is located 8.6 km west-northwest.

The installation covers approximately 218

acres and contains one administration building, nine barracks, five storage buildings, 22 support buildings, a small arms firing range, and an athletic field (Figures 2 and 3).

The area was covered by five KEYHOLE missions between [REDACTED]. Track activity indicates that the area was active during this period. No significant changes were observed.

### 25X1D

### DESCRIPTION OF INSTALLATION

#### **Railroad Service**

Not directly rail served, the Gomel-Dobrush rail line passes 1,400 feet south of this installation.

#### **Road Service**

Secondary roads provide access to Gomel urban streets.

#### **Administration and Troop Housing Areas**

Area D1 (Figure 3) contains one L-shaped administration building.

Area D2 contains seven probable multi-story barracks.

Area D3 contains two barracks.

Track activity indicates the buildings are probably occupied.

#### **General Storage Area**

Area E contains five storage and three support buildings.

#### **Other Buildings and Facilities**

Area H contains 16 support buildings. There are also three support buildings at other locations. Large, open, heavily tracked areas adjacent to the barracks area may possibly serve as a local training facility.

#### **Athletic Field**

One athletic field was observed.

#### **Small Arms Firing Range**

Area L is a 620- by 80-foot small arms firing range.
